🌐 [jschwarz.me](https://www.jschwarz.me)

8 years of expertise in turning complex data into actionable business value. Proficient in quantitative modeling, AI applications and data-driven decision-making. Currently a **Research Analyst (Ph.D.) & Consultant** bridging computer and management sciences as part of the **Entrepreneurship & Data Science** groups (Tech stack: **R, SQL, Python**).

TEACHING EXPERIENCE

Hamburg University of Technology & Northern Institute of Technology, Hamburg, Germany
Data Science & Machine Learning Instructor

06/2019 - 12/2024

Designed and instructed business-oriented Data Science and Machine Learning courses for diverse organizations, covering data analysis, predictive modeling, statistics and advanced ML algorithms:

- Data Science certificate program
- Business Decisions with Machine Learning
- Business Data Science Basics
- Building Business Data Products

Entrepreneurship & Innovation Instructor

Instructing students on essential skills for launching tech startups, covering ideation, market research, product development, marketing, financial planning and entrepreneurial mindset cultivation:

- Startup Engineering
- Sustainable Entrepreneurship
- Technology Entrepreneurship
- Creation of Business Opportunities

EDUCATION

Hamburg University of Technology, Hamburg, Germany
Ph.D. Thesis in Innovation Management & Entrepreneurship Science

06/2019 - 12/2024

Quantitative dissertation examining the discrepancy between startups' actual AI capabilities and their marketed AI expertise, analyzing how this gap influences entrepreneurial success, innovation outcomes and investor perceptions:

- Developed scalable web scraping algorithms to collect vast amounts of unstructured data from diverse sources
- Implemented distributed computing frameworks for efficient processing and analysis of massive datasets
- Employed advanced modeling techniques to uncover patterns and insights from complex, high-dimensional data

RMIT University Melbourne, Melbourne, Australia

01/2023 - 03/2023

Maastricht University, Maastricht, Netherlands

02/2016 - 06/2016

Polytechnic University of Valencia, Valencia, Spain

02/2014 - 06/2014

Visiting Research Scholar

RWTH Aachen University, Aachen, Germany

09/2011 - 03/2018

B.Sc. & M.Sc. in Business Administration & Engineering (Dean's List Honors)

PROFESSIONAL DEVELOPMENT

Innovation & Management Conferences (excerpt 2024), worldwide
Speaker & Discussant

2024

Presented and discussed multidisciplinary research on innovation management, strategic technology adoption and the intersection of AI with venture capital and business models across leading international academic conferences:

- OUI, Harvard: Open and User Innovation Conference, focusing on open innovation and user-driven tech
- AOM, Chicago: Academy of Management Conference, exploring the theme "Innovating for the Future"
- Druid, Nice: Conference on innovation and the dynamics of structural and institutional change

Business Science University, remote

06/2019 - Present

Earned certifications in practical, business-oriented data science, mastering end-to-end projects that leverage web apps and machine learning to align advanced analytics skills with business goals and drive organizational ROI:

- Advanced Business Analytics: From Data to ROI
- Web Apps in Data-Driven Business Environments
- Machine Learning for Strategic Decision-Making
- End-to-End Data Science Projects (AWS)

DataCamp, remote

06/2019 - Present

Achieved multiple certifications across diverse career tracks, encompassing statistics, inference, predictive analytics, Machine Learning and other technologies essential for deriving insights from large datasets:

- Machine Learning, Data Science & Statistician Tracks
- Power BI (PL-300) & Tableau Certified Data Analyst
- Azure Fundamentals & AWS Cloud Practitioner
- Alteryx Designer Core and GitHub Foundations
